

# International Freight Handling Solutions

## FELIXSTOWE WAREHOUSING

[www.felixstowewarehousing.co.uk](http://www.felixstowewarehousing.co.uk)

### KEY BENEFITS

#### 1 LOWER TRANSPORT COSTS

garnett saved over £400 per box on transport costs between Felixstowe and Yorkshire

#### 2 LOWER HANDLING COSTS

garnett imported paper products are unloaded off a full container in one operation. Individual customer orders are picked and packed for direct delivery to final destinations in UK & mainland Europe

#### 3 BETTER INVENTORY MANAGEMENT

garnett picking lists & delivery instructions are linked into Felixstowe Warehousing's systems with real time stock allocation

#### 4 INCREASED SALES

Flexible pick & pack services mean smaller consignments and has helped garnett to open up new market sectors

#### 5 LESS POLLUTION

Using short sea shipping services to mainland Europe and eliminating road transport legs has continued the garnett tradition of low carbon emissions

garnett

**garnett**, established for over 250 years in Yorkshire, supply exceptionally high quality paper products.

The product range, including paper envelopes, gift wrap, folders and box files, is constantly developing with new designs and new sources of supply. Felixstowe Warehousing provide freight handling from transfer of **garnett's** shipping containers from the quayside through to despatch of individual customer orders.

Imported paper products are unloaded into secure storage space at the Port of Felixstowe, the UK's largest container port. Prompt transfer of containers from the terminal to our warehouse eliminates the risk of demurrage charges and **garnett** has saved over £400 per box on transport costs compared to a round trip to their Yorkshire base.

We provide order picking, packing and distribution of single/multiple pallet loads to **garnett** customers in UK and mainland Europe. This solution gives **garnett** the flexibility to sell a wider range in varying quantities to meet customer's stock replenishment needs.

Garnett Papers (UK) Ltd is a world-renowned and highly respected leading paper specialist company

Felixstowe Warehousing, part of the John Good Shipping group of companies, specialises in providing freight handling solutions. We operate as a port-centric warehouse at the UK's largest container port to achieve savings in freight costs & their environmental impact, for our customers & the wider community.

Our customers can choose from a menu of handling, storage, IT & delivery solutions for reliable, secure & cost effective distribution of their products to final destinations in UK, mainland Europe & global markets. We have a highly experienced workforce who offer a dedicated & versatile service including pick and pack operations to fulfill our customers' sales & distribution needs 24/7/52.
